Independent auditor's report

To the Shareholders of Borusan Birleşik Boru Fabrikaları Sanayi ve Ticaret Anonim Şirketi

Report on the audit of the consolidated financial statements

Opinion

We have audited the consolidated financial statements of Borusan Birleşik Boru Fabrikaları Sanayi ve Ticaret Anonim Şirketi (the Company) and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at December 31, 2023, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2023, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' (IESBA) International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Turkey, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming the auditor's opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

**Building a better
working world**

Key Audit Matter	How our audit addressed the key audit matter
<p>Revenue recognition</p> <p>The Group's activity is steel pipe sales.</p> <p>The reason why we focused on this issue is significance of revenue amounts in the consolidated income statement of the Group as of 31 December 2023. Accordingly, taking into consideration the importance of revenue in the consolidated financial statements, accounting of the revenue in the consolidated financial statements correctly is determined as the key audit matter.</p> <p>Please see Note 2 and 25 in the consolidated financial statements for accounting policies and amount of revenue held by the Group as of 31 December 2023.</p>	<p>We performed the following procedures in relation to the revenue recognition:</p> <p>Understanding the sales processes and evaluating the design and efficiency of the controls related to these processes,</p> <p>Evaluating of appropriateness of Group's accounting policy regarding the revenue recognition,</p> <p>Testing the customer invoices by sampling method and matching these invoices with shipments and customer collections,</p> <p>Evaluation of sales contracts made with customers and evaluation of the timing of receipt of revenue for delivery methods.</p>

**Building a better
working world**

Key Audit Matter	How our audit addressed the key audit matter
<p data-bbox="199 465 783 497"><i>Accounting for Business Combinations</i></p> <p data-bbox="199 528 783 862">As explained in Note 3, the Group made an acquisition transaction with Berg EuroPipe Holding Corporation, which operates in the same sector, as of April 13, 2023. The transaction has been evaluated within the framework of the provisions of IAS 3 "Business Combinations" standard and, as explained in Note 3, the transactions related to the determination of the fair values of identifiable assets, liabilities and contingent liabilities related to the acquisition have been completed.</p> <p data-bbox="199 896 783 1048">The business combination is considered to be a key audit matter, based on its materiality to the consolidated financial statements and the level of estimates used in selecting appropriate assumptions.</p>	<p data-bbox="805 528 1390 651">Audit procedures were performed on the consolidated financial statements dated April 13, 2023, which were taken into account in the merger transaction.</p> <p data-bbox="805 685 1390 927">The net assets of Berg EuroPipe Holding Corporation, which constitute the basis for the merger, were determined by valuing the real estate and inventories for use within the tangible assets accounts at fair value. In order to examine the valuation methods and assumptions used, valuation experts from another organization were included in the studies and examined by us.</p> <p data-bbox="805 960 1390 1234">For the fair value of Berg EuroPipe Holding Corporation, which was created for use in merger accounting, the Group worked with independent valuation experts, and the key assumptions (weighted average cost of capital, future projections, stock prices, etc.) and valuation methods used in the valuation, among others. It was examined by the organization's valuation experts and examined by us.</p> <p data-bbox="805 1267 1390 1386">The forward-looking revenue estimates used in the modeling were compared with the previous year's financial results and budgets for the future years of the relevant companies.</p> <p data-bbox="805 1420 1390 1572">In this context, the amount of gain resulting from the bargain purchase arising from the negative difference between the purchase price and the fair value of the net assets subject to the merger were examined.</p> <p data-bbox="805 1606 1390 1697">In addition, the compliance of the explanatory information in Note 3 and the accounting of the merger with IAS 3 was evaluated.</p>

**Building a better
working world**

Key Audit Matter	How our audit addressed the key audit matter
<p>Group Audit</p> <p>The audit of subsidiaries that constitute a significant portion of the total assets and revenue amount before eliminations in the Group's consolidated financial statements was carried out by another independent audit firm.</p> <p>The reason for focusing on this issue is;</p> <p>The financial statements of the subsidiaries in question are of qualitative and quantitative significance in the Group's consolidated financial statements,</p> <p>It is one of the most important issues during audit work because it constitutes a significant portion of total assets and other comprehensive profits.</p>	<p>During our audit, the following audit procedures regarding the Group audit were applied;</p> <p>Regarding the audit of the subsidiaries in question, close communication was maintained with other audit companies and site visits were made during the planning and execution stages of the audit, including sending audit instructions to the independent audit teams, evaluating significant risks with the other auditor, participating in the determination of audit procedures,</p> <p>Independent auditors were contacted and file reviews were carried out,</p> <p>Independent auditor reports and other necessary working papers of the subsidiaries in question were received and examined,</p> <p>Significant auditing and accounting issues of the Group were discussed with the independent auditor, and the differences identified and uncorrected during the audit were understood,</p> <p>Various meetings were held with the management staff to better understand the risks, internal controls and important audit findings,</p> <p>The financials used in reporting were matched with the financials approved by the independent auditor.</p>

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

**Building a better
working world**

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The partner in charge of the audit resulting in this independent auditor's report is Zeynep Okuyan Özdemir.

31 December 2022	1.700	395	2.095

Consolidated financial statements covering accounting period of 1 January - 31 December 2023 are approved with Board of Directors' decision dated on March 1, 2024.

The parent and the ultimate parent of the Company are BMB Yatırım Holding A.Ş. and Borusan Holding A.Ş., respectively. The name of Borusan Mannesmann Yatırım Holding A.Ş. was changed to BMB Yatırım Holding A.Ş. on November 29, 2023.

Business segments, the location and the Group's ultimate effective shareholding in its subsidiaries' equity are as follows:

Business Segment	Subsidiary	Location	2023	2022
Holding	Borusan Pipe Holding BV "(BP Holding BV)" (*)	Netherlands	100,0%	100,0%
Steel Pipe	Borusan Pipe US Inc "(Borusan Pipe US)" (*)	USA	100,0%	100,0%
Steel Pipe	Borusan Vobarno Tubi SPA "(Vobarno)" (*)	Italy	99,0%	99,0%
Steel Pipe	Borusan Tube International GmbH "(Borusan Tube Germany)"	Germany	100,0%	100,0%
Holding	Borusan Pipe Cooperative U.A. "(BP Coop)" (*)	Netherlands	99,0%	99,0%
Steel Pipe	Borusan Pipe Espana SA "(BP Espana)" (*)	Spain	99,0%	99,0%
Steel Pipe	Borusan Tube Products S.A. "(Borusan Tube Romania)"	Romania	100,0%	100,0%
Holding	Borusan Berg Pipe Holding Corp. "(Berg Pipe)"(**) (***)	ABD	100,0%	-
Steel Pipe	Berg Pipe Mobile Corp. (**)	ABD	100,0%	-
Steel Pipe	Berg Pipe Panama City Corp. (**)	ABD	100,0%	-

(*) The name of the subsidiary was changed in December 2023 after the change in the Group's indirect ownership structure.

(**) On April 13, 2023, its shares representing the entire capital was acquired by Borusan Pipe US. Berg Pipe Mobile Corp. and Berg Pipe Panama City Corp. companies are 100% owned subsidiaries of Borusan Berg Pipe Holding Corp.

(***) On April 24, 2023, the name of Berg Europipe Holding Corp was changed to Borusan Berg Pipe Holding Corp.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS

2.1. Basis of preparation

2.1.1. Accounting policies

The consolidated financial statements of the Company as at 31 December 2023 have been prepared in accordance with International Financial Reporting Standards (“IFRS”). The Company maintains its accounting records and prepares its statutory accounting reports in Turkish Lira (“TRY”) in accordance with the Turkish Commercial Code (the “TCC”), tax legislation and the Turkish Standard Chart of Accounts issued by the Ministry of Finance (collectively referred to as “Turkish statutory accounts” or “local GAAP”). The foreign subsidiaries maintain their books of account in accordance with the laws and regulations in force in the countries in which they are registered.

These financial statements are based on the statutory records, which are maintained under historical cost convention, with the required adjustments and reclassifications reflected for the purpose of fair presentation in accordance with IFRS.

As the Company is listed in Borsa Istanbul and is subject to requirements of Capital Markets Board of Turkey, it also prepares and published consolidated financial statements in accordance with Turkish Financial Reporting Standards. Due to financial reporting requirements of Capital Markets Board of Turkey, companies need to conform to specified presentation formats for their primary financial statements and use Turkish Lira as their presentation currency. The Company has applied those presentation formats in presenting these consolidated financial statements prepared in accordance with IFRS.

2.2. Functional and presentation currency

The consolidated financial statements are presented in US Dollars, which is the Group’s presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The US Dollar is used to a significant extent, or has a significant impact on the operations of the Company and reflects the economic substance of the underlying events and circumstances. Therefore, the Company use the US Dollar (USD) as functional currency. All currencies other than the currency selected for measuring items in the financial statements are treated as foreign currencies.

Transactions in foreign currencies are initially recorded in the functional currency rate ruling at the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rate of exchange ruling at the balance sheet date. All differences are taken to translation gain / (loss) in the consolidated income statement. Non-monetary items and equity balances (excluding profit or loss) that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

As at the reporting date, the assets and liabilities of the subsidiaries that operates in the foreign countries are translated into the presentation currency of the Group (USD) at the rate of exchange ruling at the balance sheet date and their income statements are translated at the weighted average exchange rates for the year.

The exchange differences arising on the translation are taken directly to a separate component of equity as currency translation reserve. On disposal of such subsidiaries, the deferred cumulative amount recognized in equity relating to that particular subsidiary is recognized in the income statement.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.2. Functional and presentation currency (Continued)

The functional currency of subsidiaries, except US subsidiaries, is Euro. In accordance with IAS 21, monetary items in the financial statements are converted via using prevailing Euro exchange rates at 31 December 2023 (1 Euro = 1,1066); income and expense and cash flows are converted with twelve-month average of the exchange rates (1 Euro = 1,0817) (As of 31 December 2022, 1 Euro = 1,0661; 31 December 2022 twelve-month average exchange rate 1 Euro = 1,0490).

2.3. Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries. Subsidiaries are the companies which are controlled by the Group. The Group's control has been provided with exposure to variable returns from these companies, having rights in this return and directing of the power. Subsidiaries have been consolidated by the method of full consolidation from the date that controlling by the Group. Subsidiaries have been excluded from scope of consolidation as of disappearing of the Group's control.

The consolidation principles applied are as follows:

- (i) The balance sheets and statements of income of the subsidiaries are consolidated on a line-by-line basis and the carrying value of the investment held by the Company is eliminated against the related equity accounts. Intercompany transactions and balances between the Company and its subsidiaries and unrealized gains and losses on transactions among them are eliminated.
- (ii) Subsidiaries are consolidated from the date on when control is transferred to the Company.
- (iii) Non-controlling share in the net assets of the consolidated subsidiaries is separately classified in the consolidated financial statements as non-controlling interest.

2.4 Significant Changes in Accounting Policies and Estimates

Changes of accounting policies resulting from the first time implementation of the IAS are implemented retrospectively or prospectively in accordance with the transition provisions. Major accounting mistakes detected are applied retrospectively and the financial statements of previous period are revised. If the changes in accounting estimates only apply to one period, then they are applied in the current period when the change occurs; if the changes apply also to the future periods, they are applied in both the period of change and in the future period.

2.5. New and Revised International Financial Reporting Standards("IFRS")

The new standards, amendments and interpretations

The accounting policies adopted in preparation of the consolidated financial statements as at December 31, 2023 are consistent with those of the previous financial year, except for the adoption of new and amended IFRS and IFRIC interpretations effective as of 1 January 2023 and thereafter. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

i) The new standards, amendments and interpretations which are effective as at 1 January 2023 are as follows:

IFRS 17 - The new Standard for insurance contracts

The IASB issued IFRS 17, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. IFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. The standard is not applicable for the Group and will not have an impact on the financial position or performance of the Group.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The new standards, amendments and interpretations (Continued)

**i) The new standards, amendments and interpretations which are effective as at 1 January 2023 are as follows:
(Continued)**

Amendments to IAS 8 - Definition of Accounting Estimates

In February 2021, the Board issued amendments to IAS 8, in which it introduces a new definition of “accounting estimates”. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amended standard clarifies that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors. The previous definition of a change in accounting estimate specified that changes in accounting estimates may result from new information or new developments. Therefore, such changes are not corrections of errors. This aspect of the definition was retained by the Board. The amendments apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of the effective date. The amendments did not have a significant impact on the financial position or performance of the Group.

Amendments to IAS 1 and IFRS Practice Statement 2 - Disclosure of Accounting Policies

In February 2021, the Board issued amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. In the absence of a definition of the term ‘significant’ in IFRS, the Board decided to replace it with ‘material’ in the context of disclosing accounting policy information. ‘Material’ is a defined term in IFRS and is widely understood by the users of financial statements, according to the Board. In assessing the materiality of accounting policy information, entities need to consider both the size of the transactions, other events or conditions and the nature of them. Examples of circumstances in which an entity is likely to consider accounting policy information to be material have been added. The amendments did not have a significant impact on the financial position or performance of the Group.

Amendments to IAS 12 – Deferred Tax related to Assets and Liabilities arising from a Single Transaction

In May 2021, issued amendments to IAS 12, which narrow the scope of the initial recognition exception under IAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense). This judgement is important in determining whether any temporary differences exist on initial recognition of the asset and liability. The amendments apply to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability for all deductible and taxable temporary differences associated with leases and decommissioning obligations should be recognized. The amendments did not have a significant impact on the financial position or performance of the Group.

Amendments to IAS 12 - International Tax Reform – Pillar Two Model Rules

In May 2023, the Board issued amendments to IAS 12, which introduce a mandatory exception in IAS 12 from recognizing and disclosing deferred tax assets and liabilities related to Pillar Two income taxes. The amendments clarify that IAS 12 applies to income taxes arising from tax laws enacted or substantively enacted to implement the Pillar Two Model Rules published by the Organization for Economic Cooperation and Development (OECD). The amendments also introduced targeted disclosure requirements for entities affected by the tax laws. The temporary exception from recognition and disclosure of information about deferred taxes and the requirement to disclose the application of the exception apply immediately and retrospectively upon issue of the amendments. However, certain disclosure requirements are not required to be applied for any interim period ending on or before 31 December 2023. The amendments did not have a significant impact on the financial position or performance of the Group.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The new standards, amendments and interpretations (Continued)

ii) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the consolidated financial statements are as follows. The Group will make the necessary changes if not indicated otherwise, which will be affecting the consolidated financial statements and disclosures, when the new standards and interpretations become effective.

Amendments to IFRS 10 and IAS 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

In December 2015, IASB postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted.

Amendments to IAS 1- Classification of Liabilities as Current and Non-Current Liabilities

In January 2020 and October 2022, IASB issued amendments to IAS 1 to specify the requirements for classifying liabilities as current or non-current. According to the amendments made in October 2022 if an entity's right to defer settlement of a liability is subject to the entity complying with the required covenants at a date subsequent to the reporting period ("future covenants"), the entity has a right to defer settlement of the liability even if it does not comply with those covenants at the end of the reporting period. In addition, October 2022 amendments require an entity to provide disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months. This disclosure must include information about the covenants and the related liabilities. The amendments clarified that the classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability for at least twelve months after the reporting period. The amendments are effective for periods beginning on or after 1 January 2024. The amendments must be applied retrospectively in accordance with IAS 8. Early application is permitted. However, an entity that applies the 2020 amendments early is also required to apply the 2022 amendments, and vice versa. Overall, the Group expects no significant impact on its balance sheet and equity.

Amendments to IFRS 16 - Lease Liability in a Sale and Leaseback

In September 2022, the Board issued amendments to IFRS 16. The amendments specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognize any amount of the gain or loss that relates to the right of use it retains. In applying requirements of IFRS 16 under "Subsequent measurement of the lease liability" heading after the commencement date in a sale and leaseback transaction, the seller lessee determines 'lease payments' or 'revised lease payments' in such a way that the seller-lessee would not recognise any amount of the gain or loss that relates to the right of use retained by the seller-lessee. The amendments do not prescribe specific measurement requirements for lease liabilities arising from a leaseback. The initial measurement of the lease liability arising from a leaseback may result in a seller-lessee determining 'lease payments' that are different from the general definition of lease payments in IFRS 16. The seller-lessee will need to develop and apply an accounting policy that results in information that is relevant and reliable in accordance with IAS 8. A seller-lessee applies the amendments to annual reporting periods beginning on or after 1 January 2024. Earlier application is permitted. A seller-lessee applies the amendments retrospectively in accordance with IAS 8 to sale and leaseback transactions entered into after the date of initial application of IFRS 16. Overall, the Group expects no significant impact on its balance sheet and equity.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The new standards, amendments and interpretations (Continued)

ii) Standards issued but not yet effective and not early adopted (Continued)

Amendments to IAS 7 and IFRS 7 - Disclosures: Supplier Finance Arrangements

The amendments issued in May 2023 specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. Supplier finance arrangements are characterized by one or more finance providers offering to pay amounts an entity owes its suppliers and the entity agreeing to pay according to the terms and conditions of the arrangements at the same date as, or a date later than, suppliers are paid. The amendments require an entity to provide information about terms and conditions of those arrangements, quantitative information on liabilities related to those arrangements as at the beginning and end of the reporting period and the type and effect of non-cash changes in the carrying amounts of those liabilities. In the context of quantitative liquidity risk disclosures required by IFRS 7, supplier finance arrangements are also included as an example of other factors that might be relevant to disclose. The amendments will be effective for annual reporting periods beginning on or after 1 January 2024. Early adoption is permitted but will need to be disclosed. Overall, the Group expects no significant impact on its balance sheet and equity.

Amendments to IAS 21 - Lack of exchangeability

In August 2023, the Board issued amendments to IAS 21. The amendments specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. When an entity estimates a spot exchange rate because a currency is not exchangeable into another currency, it discloses information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. The amendments will be effective for annual reporting periods beginning on or after 1 January 2025. Early adoption is permitted but will need to be disclosed. When applying the amendments, an entity cannot restate comparative information. Overall, the Group expects no significant impact on its balance sheet and equity.

2.6. Summary of Significant Accounting Policies

Offsetting

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liabilities simultaneously.

Comparative information and restatements on prior year's financial statements

Significant changes in accounting policies and significant accounting errors detected are applied retrospectively and prior period financial statements are restated. Changes in accounting estimates, if only for one period, are made in the current period; if they relate to future periods, are made in future period as well as in the period of change, are applied prospectively. The accounting policies applied in the preparation of these financial statements for the year ended at 31 December 2023 are consistent with those applied in the preparation of financial statements for the year ended at 31 December 2022.

Significant accounting estimations

The preparation of financial statements, require the Group's management to make judgments, estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those judgments, estimates and assumptions. Those estimates and assumptions are reviewed periodically, and as adjustments become necessary, they are reported in earnings in the periods in which they become known. There has been no significant change in the accounting estimates of the Group in the current period.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank deposits with original maturities of more than three months and shorter than 1 year are classified under short-term financial investments. If any provision provided to the cash and cash equivalents as a result of a specific events, Group measures expected credit loss from these cash and cash equivalents by the life-time expected credit loss. The calculation of expected credit loss is performed based on the past experience of the Group and its expectations for the future indications.

Trade receivables

Trade receivables are arised from product sales or service providing to the customers. If the expected time for the collection of trade receivables is one year or less, these receivables are classified as short-term receivables. Otherwise, they are classified as long-term receivables. The average collection period of trade receivables is 45 days (2022: 70 days). Trade receivables for which risks and rewards are transferred to third parties as part of factoring transaction are derecognized.

Related parties

If an entity has control over another entity or an entity has significant influence on another entity's financial and operational decisions, these two entities are considered as related parties. In consolidated financial statements, shareholders, available for sale investments and related parties of the shareholders are presented as related parties. Related parties also include the ultimate parent, key management personnel, board members and their families.

Inventories

Inventories are valued at the lower of cost and net realizable value after provision for obsolete stock. Cost is determined by using the monthly weighted average cost. Cost of work in progress and finished goods includes materials, direct labor and an appropriate portion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Net realizable value represents the estimated selling price less all estimated costs of completion and costs necessary to make a sale. Provision for slow moving items is recognized in cost of sales at the time it is incurred. Obsolete inventories are written off accounting records.

Property, plant and equipment

Property, plant and equipment are initially recorded at cost. As of 31 December 2022, the Group's land, buldings, machineries and equipments were revalued based on expertise review by an independent valuation firm and as a result of this valuation the Group has adjusted its assets to the asset's fair values. Fair values were determined by the methods of imputed price, discounted cash flow, replacement cost, etc. The value increases or decreases were reflected to "revaluation gain/loss" account located in equity (Note 24). Depreciation of these assets are recognized over the fair value and related depreciation expenses are recognized in the income statement. All other tangible assets are stated at historical cost less accumulated depreciation and any accumulated impairment loss. When assets are sold or retired, their cost and accumulated depreciation are eliminated from the accounts and any gain or loss resulting from their disposal is included in the income statement. On disposal of revalued assets, amounts in revaluation reserves relating to that asset are transferred to retained earnings. Further, the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost is realized from the revaluation surplus to retained earnings on an annual basis as the asset is used by the Group.

The cost value of the tangible fixed asset consists of the purchase price, import taxes if any, non-refundable taxes and expenses made in order to make the tangible fixed asset ready to use. The repair and maintenance expenses, which arise after the tangible fixed asset is started to be used, are recorded as expense in the period they arise. If the expenses made, create an economic value increase for the tangible fixed asset in the future use, these expenses can be added to the cost of the asset.

Property, plant and equipment are capitalized and depreciated when they are fully commissioned and in a physical state to meet their designed production capacity. For the assets which requires a significant amount of time to be used and ready to be sold, the borrowing costs are capitalised.

BORUSAN BİRLEŞİK BORU FABRİKALARI SANAYİ VE TİCARET A.Ş. AND ITS SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Property, plant and equipment (Continued)

The depreciation periods for property plant and equipment, which approximate the estimated economic useful lives of the related assets and the depreciation methods applied, are as follows:

	Years	Method
Land improvements	10 - 50	Straight-line
Buildings	25 - 50	Straight-line
Machinery and equipment	12 - 20	Straight-line
Furniture and fixtures	5 - 17	Straight-line
Motor vehicles	5	Straight-line

The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from items of the property, plant and equipment.

Intangible assets

Intangible assets comprising software licenses and rights are measured initially at cost. Intangible assets are recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise; and the cost of the asset can be measured reliably. After initial recognition, intangible assets are measured at cost less accumulated amortization and any accumulated impairment losses and intangible assets are amortized on a straight line basis over the estimated useful life of the asset (5 years). Amortization expenses are recognized in selling, general and administrative expenses in the consolidated income statement.

Impairment of non-financial assets

The carrying values of assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized in the statement of income. The recoverable amount is the greater of net selling price and value in use. The net selling price is the amount obtainable from the sale of an asset in an arm's length transaction while value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit. If the impairment provision is not valid or has been decreased, the related impairment is reversed and recorded in income statements. Impairment loss related to the land, buildings and machinery and equipment which are carried at revalued amounts are treated as a revaluation decrease to the extent that impairment loss does not exceed the amount held in revaluation surplus.

As of December 31 December 2023, the Group is not exposed to any impairment risk for its subsidiaries. The Group has reached positive operating cash flows that they have budgeted for these assessments and revenue growth that has been increasing over the years.

Finance leases

The Group recognises right-of-use assets at the commencement of the lease (i.e., the date of underlying asset is available for use), Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any revaluation of lease liabilities.

The cost of right-of-use asset includes:

- the amount of lease liabilities recognised,
- lease payments made at or before the commencement date less any lease incentives received,
- initial direct costs incurred

Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies(Continued)

Finance leases (Continued)

i) Lease Liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. At the commencement date of the lease, the measurement of the lease liabilities includes:

- (a) Fixed payments,
- (b) The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs,
- (c) The amounts expected to be paid by the Group under residual value guarantees
- (d) The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and
- (e) The payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate,

The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs. The Group discounts the lease payments using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate. After the commencement date, the Group measures the amount of lease liabilities as follows:

- (a) the amount of lease liabilities is increased to reflect the accretion of interest, and
- (b) reduced for the lease payments made

In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset. The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Trade payables

Trade payables are payments to be made arising from the purchase of goods and services from suppliers within the ordinary course of business. Trade payables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

Provisions, contingent assets and liabilities

i) Provisions

A provision is recognized when, and only when, the enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable (i.e. more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Where the effect of the time value of money is material, the amount of the provision is the present value of the expenditures expected to be required to settle the obligation. When present value method is used, the increase attributable to the current period is recorded in finance expense.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies(Continued)

Provisions, contingent assets and liabilities (Continued)

ii) Contingent assets and liabilities

Contingent liabilities are not recognized in the financial statements but disclosed when an outflow of resources embodying economic benefits is not highly probable. A contingent asset is not recognized in the financial statements but disclosed when an inflow of economic benefits is probable.

Income taxes

Tax expense is the aggregate amount of current and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The tax rates and tax laws used to compute the amount are those that are enacted by the balance sheet date.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases which are used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred income tax assets are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profit will allow deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Employment termination benefits

Under Turkish law and union agreements, lump sum payments are made to employees retiring or involuntarily leaving the Group. Such payments are considered as being part of defined retirement benefit plan as per IAS 19 “Employee Benefits”. The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligation. Provision for employee termination benefit is made for the present value of the defined benefit obligation calculated. All actuarial gains and losses are recognized in the other comprehensive income as incurred.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies(Continued)

Revenue

Revenue from steel pipes is measured at the fair value of the consideration received or receivable and is reduced for estimated customer returns, rebates, and other similar allowances. Sales discounts are given as a constant percentage at the time of sale and deducted from revenue. Sales discounts given vary regarding the type of the sale.

Steel pipe sales:

Revenue from sale of goods is recognized when all the following conditions are satisfied:

- The Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the entity; and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest and dividend income:

Interest revenue is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. Dividend revenue from investments is recognized when the shareholders' rights to receive payment have been established.

Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets, one that takes a substantial period of time to get ready for use or sale, are capitalized as part of the cost of that asset in the period in which the asset is prepared for its intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized directly in the statement of income the period in which they are incurred.

Financial Instruments

Financial instruments are agreements that increase the financial assets of one enterprise and financial liabilities or capital instruments of another enterprise.

Financial Assets

Classification and measurement

The Group classified its financial assets in three categories; financial assets carried at amortized cost, financial assets carried at fair value through profit or loss, financial assets carried at fair value through other comprehensive income. Classification is performed in accordance with the business model determined based on the purpose of benefits from financial assets and expected cash flows. Management performs the classification of financial assets at the acquisition date.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies(Continued)

Financial Assets(Continued)

a) Financial assets carried at amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest, whose payments are fixed or predetermined, which are not actively traded and which are not derivative instruments are measured at amortized cost. They are included in current assets, except for maturities more than 12 months after the balance sheet date. Those with maturities more than 12 months are classified as non-current assets. The Group's financial assets carried at amortized cost comprise "trade receivables" and "cash and cash equivalents" in the statement of financial position. In addition, with recourse factoring receivables classified in trade receivables are classified as financial assets carried at amortized cost since collection risk for those receivables are not transferred to counterparty.

Impairment

Group has applied simplified approach and used impairment matrix for the calculation of impairment on its receivables carried at amortized cost, since they do not comprise of any significant finance component. In accordance with this method, if any provision provided to the trade receivables as a result of a specific events, Group measures expected credit loss from these receivables by the life-time expected credit loss. The calculation of expected credit loss is performed based on the past experience of the Group and its expectations for the future indications.

b) Financial assets carried at fair value

Assets that are held by the management for collection of contractual cash flows and for selling the financial assets are measured at their fair value. If the management do not plan to dispose these assets in 12 months after the balance sheet date, they are classified as non-current assets. Group make a choice for the equity instruments during the initial recognition and elect profit or loss or other comprehensive income for the presentation of fair value gain and loss:

i) Financial assets carried at fair value through profit or loss

Financial assets carried at fair value through profit or loss comprise of "derivative instruments" in the statement of financial position. Derivative instruments are recognized as asset when the fair value of the instrument is positive, as liability when the fair value of the instrument is negative. Group's financial instruments at fair value through profit or loss consist of forward contracts, currency swaps and cross currency fixed interest rate swap.

ii) Financial assets carried at fair value through other comprehensive income

Financial assets carried at fair value through other comprehensive income comprise of "financial assets" in the statement of financial position. Group carried these assets at their fair values. The fair value gains and losses are recognized in other comprehensive income after the deduction of impairment losses and foreign exchange income and expenses. When the financial assets carried at fair value through other comprehensive income are sold, fair value gain or loss classified in other comprehensive income is classified to retained earnings.

Financial Liabilities

Financial liabilities are recorded with their values after the transaction expenses are deducted from the financial debt amount received on the date of receipt. Financial liabilities are followed in the consolidated financial statements with their discounted values calculated with the effective interest rate on the following dates. The difference between the amount of the financial debt received (excluding transaction expenses) and the repayment value is recognized on the accrual basis in the consolidated statement of profit or loss. If the Group does not have unconditional right such as postponing the liability for 12 months from the balance sheet date, financial liabilities are classified as short-term liabilities.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies(Continued)

Derivative financial instruments and hedge accounting

The Group's activities expose it primarily to the financial risks of changes in foreign exchange rates and interest rates. The Group uses derivative financial instruments to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions.

These derivative instruments are recorded at fair value at the beginning of the contract and subsequently measured with its fair value. If the fair value is positive, derivatives are classified as financial asset or otherwise financial liability. Such derivative instruments are generally accounted as trading derivative instruments in consolidated financial statements, because they do not have related specifications in terms of hedge accounting. The gains and losses related to the changes in fair values of such financial instruments are shown in the profit or loss statement.

Fair value differences of forward transactions, sourcing from trading contracts in scope of main activities of the Group, are recognised under other real operating income (expense) since they are in scope of main activities of the Group while exchange rate differences, sourcing from forward exchange and exchange of interest rate, are recognised under financing income (expense).

Cash flow hedges

Hedges of exposures to variability in cash flows that are attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction and could affect profit and loss are designated as cash flow hedges by the Group.

Changes in the fair value of derivatives, designated as cash flow hedges and qualified as effective, are recognised in equity as "hedge reserves". Where the forecasted transaction or firm commitment results in the recognition of an asset or of a liability, the gains and losses previously recognised under equity are transferred from equity and included in the initial measurement of the cost of the asset or liability. Otherwise, amounts recognised under equity are transferred to the consolidated income statement in the period in which the hedged firm commitment or forecasted transaction affects the consolidated income statement.

If the forecast transaction or firm commitment is no longer expected to occur, the cumulative gain or losses previously recognised in equity are transferred to the income statement. If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover, or if its designation as a hedge is revoked, any cumulative gain or loss previously recognised in other comprehensive income remains until the forecast transaction or firm commitment affects profit or loss.

Foreign currency transactions

The individual financial statements of each group entity are presented in the currency of the primary economic environment in which the entity operates (its functional currency). For the purpose of the consolidated financial statements, the results and financial position of each entity are expressed in USD, which is the functional currency of the Group.

In preparing the financial statements of the Company and its subsidiaries, transactions in currencies other than the functional currency are recorded at the rates of exchange prevailing on the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. The foreign currency income or expenses incurred from the translation of foreign currency denominated transaction or restatement of monetary items is reflected within the statement of income in the related period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies(Continued)

Foreign currency transactions(Continued)

Exchange differences are accounted in profit or loss in the period of occurred except the cases specified below:

- Exchange differences which related to assets under construction for future usage and the adjustment item to be considered as interest costs on debts shown in foreign currency and included in these cost of assets,
- Exchange differences arising from transactions carried out in order to provide financial protection against risks arising from foreign currency (accounting policies to providing financial protection against risks are described below).

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations are expressed in USD using exchange rates prevailing on the balance sheet date. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are classified as equity and transferred to the Group's translation reserve. Such exchange differences are recognized in profit or loss in the period in which the foreign operation is disposed of.

Earnings per share

Earnings per share disclosed in the consolidated statements of income is determined by dividing the net income by the weighted average number of shares in existence during the period concerned. The weighted average number of shares in circulation during the period have been calculated considering the shares issued without an increase in resources. However, in terms of legal records, calculating earnings per share is subject to local regulations and laws.

Events after balance sheet date

An explanation for any significant event between the balance sheet date and the publication date of the financial statements, which are disclosed and adjusted in the financial statements if necessary.

Statements of cash flows

Current period statements of cash flows are categorized and reported as operating, investing and financing.

Cash flows from operating activities show that cash flows provided from Group's pipe production and sales.

Cash flows from investing activities summarize the Group's cash flows used in or generated from investing activities (fixed and financial investments).

Cash flows from financing activities summarize the Group's cash flows from liabilities and the back payments of these liabilities benefited in financing needs of the Group.

Cash and cash equivalents comprise cash on hand and demand deposits and other short-term highly liquid investments which their maturities are three months or less from date of acquisition and that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

2. BASIS OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

2.6. Summary of Significant Accounting Policies(Continued)

Capital and dividends

Common stocks are classified as equity. Dividends paid are recorded at the Board's payment decision date retained earnings balance less the dividend amount paid.

Significant accounting judgements and estimations

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although the estimates are based on the Group management's best information on the current events and transactions, actual results could differ from those estimates.

Significant accounting judgements that the Group makes in the application of accounting principles:

• Deferred taxes

Deferred tax assets and liabilities are recorded using substantially enacted tax rates for the effect of temporary differences between book and tax bases of assets and liabilities. Currently, there are deferred tax assets resulting from tax losses carried-forward and deductible temporary differences, all of which could reduce taxable income in the future. Based on available evidence, both positive and negative, it is determined whether it is probable that all or a portion of the deferred tax assets will be realised. The main factors taken into consideration include future earnings potential; cumulative losses in recent years; history of loss carry-forwards and other tax assets expiring; the carry-forward period associated with the deferred tax assets; future reversals of existing taxable temporary differences; tax-planning strategies that would, if necessary, be implemented, and the nature of the income that can be used to realise the deferred tax asset. If based on the weight of all available evidence, no provision has been made for deferred tax assets since the Group's future taxable profits are sufficient to cover all deferred tax assets.

• Employee termination benefits

The Group made actuarial calculation to calculate the amount of liability in accordance with IAS 19. The Group makes assumptions and estimations relating to the discount rate to be used, turnover of employees, future change in salaries/limits, etc. The assumptions made by the Group management have been explained in Note 22.

• Revaluation of property, plant and equipment

The Group evaluates its land, buildings, machinery and equipment over its fair value within the scope of IAS 16 revaluation model. The fair values identified as of 31 December 2022, were determined by equivalent price, discounted cash flow, renewal cost etc. methods. The fair values in financial statement as of 31 December 2023 are based on expertise reports prepared by Harmoni Gayrimenkul Değerleme ve Danışmanlık A.Ş., for machinery and equipment in Turkey and National Appraisal Partners LLP and Third Coast Appraisal, LLC. for machinery and equipment in USA and CBF S.r.l. for machinery and equipment in Italy. During valuation of tangible assets, market value was taken as basis.

• Fair value of financial assets

Group management estimated the fair value of the financial assets whose market is not active by utilizing commonly used valuation techniques.

The fair value of Borçelik is calculated by giving 50% weight to the discounted cash flows and market approach methods. In consideration of this calculation, steel sector beta and company dynamics, the cost of capital are calculated as 16.0% for 2024, 14.9% for 2025, 13.9% for other years and 2% growth rate. If the long-term growth rates were 100 basis points high / low and all other variables remained constant, the calculated fair value would be higher/lower by 4-5%. If the discount rates were 100 basis points high / low and all other variables remained constant, the calculated fair value would be lower/higher by 8-10%.

Significant changes and errors in the accounting policies

Significant changes in the accounting policies and errors are applied retrospectively; and the financial information of the prior periods are restated.

Going concern

The consolidated financial statements were prepared in accordance with the going concern assumption.

3. BUSINESS COMBINATION

On April 13, 2023, the Group acquired the shares representing the entire capital of Berg EuroPipe Holding Corp. operating in the field of steel pipe production in Panama City and Mobile in USA within the scope of IFRS-3 "Business Combinations" standard. Pursuant to the stock purchase agreement, total acquisition price is USD 162 million and negotiations are ongoing to finalize the price.

The purchase price and the fair values of the acquired assets and liabilities within the scope of IFRS 3 are summarized in the table below:

	13 April 2023
Cash and cash equivalents	112.623
Trade receivables	24.077
Inventories	85.542
Other current asset	2.105
Property, plant and equipment	128.357
Right of use assets	5.905
Other non-current asset	4.733
Deferred tax assets	17.521
Trade payables and other payables	(153.136)
Deferred tax liabilities	(26.559)
Other liabilities	(7.221)
Value of total identifiable net assets (%100)	193.947
Bargain purchase gain (Note 29)	(31.852)
Total purchase price	162.095

Net amount paid for Subsidiary acquisition

The details of the cash outflow resulting from the acquisition are as follows:

Total amount paid in cash for the acquisition	112.095
Less: Cash and cash equivalents - acquired	112.623
Cash (inflow)/outflow from acquisition, net	(528)
Deferred payment for acquisition	50.000

4. SEGMENT REPORTING

22. PROVISIONS FOR EMPLOYEE BENEFITS

In accordance with the Turkish Labour Law, the Group is responsible for paying severance pay for staff who have completed one year of service and cut ties from the Group or retired, who have completed 25 years (for men) and 20 years (for women) of service and are entitled to a pension, who have been called up for military service or who die. The severance pay to be paid is equal to the employee's monthly wage for each year of service and this amount is limited to TRY 23.489,83 as of 31 December 2023 (TRY 15.371,40 as of 31 December 2022). It has been taken into account in the calculation of the severance pay provision of the Group, the amount of 35.058,58 TL effective from 1 January 2024. (1 January 2023: TRY 19.982,83).

In accordance with IAS 19, an actuarial calculation is required to calculate the Group's liabilities. The Group has calculated the provisions for severance pay using the "Projection Method", based on the Group's experience regarding the completion of the period of service by the employee and being entitled to the severance pay, and has reflected these in the financial statements. Provisions for severance pay, calculated based on the current value of the possible liability that will need to be paid, are set aside in case of employees' retirement.

As of 31 December 2023 and 2022 the actuarial assumptions that are used in the calculation of liability are as follows:

	31 December 2023	31 December 2022
Discount rate	3,7%	3,5%
Probability of retirement	92%	92%

The movements of provision for employment termination benefits for the periods ended 31 December 2023 and 2022 are as follows:

	1 January - 31 December 2023	1 January - 31 December 2022
Opening	6.140	3.653
Service cost	2.221	3.047
Finance cost	893	595
Actuarial loss	(95)	155
Paid during the period	(1.786)	(296)
Currency translation difference	(1.537)	(1.014)
Closing	5.836	6.140

BORUSAN BİRLEŞİK BORU FABRİKALARI SANAYİ VE TİCARET A.Ş. AND ITS SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023

(Amounts expressed in thousands of US Dollars unless otherwise stated)

24. EQUITY (Continued)

a) Paid-in share capital (Continued)

BMB Holding A.Ş (formerly known as Borusan Mannesmann Yatırım Holding A.Ş.), the owner of shares representing 73,48% of the Company's share capital, has completed the transaction regarding the transfer of 230.000.000 shares with the total nominal value of TRY 2.300.000 representing 23% of the its share capital from Salzgitter Mannesmann GmbH ("Salzgitter") to Borusan Holding A.Ş. on November 27, 2023. As a result of the transaction, there has been no change in the Company's direct shareholding structure; nevertheless, Salzgitter's indirect shareholding ratio in the Company's share capital has decreased to 0% from 16,9%, and Borusan group companies' total indirect shareholding ratio in the Company's share capital has increased to 73,48% from 56,58%.

b) Revaluation funds

As of 31 December 2023 and 31 December 2022 the movement of revaluation funds are as follows:

	1 January 31 December 2023		1 January 31 December 2022	
	Property, plant and equipment revaluation reserve	Investment revaluation reserve	Property, plant and equipment revaluation reserve	Investment revaluation reserve
Balance at 1 January	228.513	46.192	188.926	37.799
Current year revaluation on property, plant and equipment	531	-	48.539	-
Transfer	-	-	(8.952)	-
Current year revaluation of financial investments	-	15.958	-	8.393
Closing at 31 December	229.044	62.150	228.513	46.192

Revaluation funds of property, plant and equipment:

Revaluation funds of property, plant and equipment arises from the revaluation of buildings, lands and machinery equipments. In case of disposition of revalued land or buildings, the revaluation funds associated with the assets sold are transferred directly to retained earnings.

Cash flow hedge reserve:

Cash flow hedge reserve arises as a result recognition in equity of the effective changes in the fair value of the derivate financial instruments subject to a cash flow hedge. Total deferred income/loss earned by protection against financial risk has been accounted in profit/loss when the effect of hedged transaction effecting to profit/loss.

Investment revaluation reserve:

Investment revaluation reserve occurs as a result of valuation of the available-for-sale financial assets over their fair values. In the event of a disposal of a financial instrument that has been appraised over its fair value, the portion of the appreciation fund related to the disposed financial asset is recognised directly as a profit or loss. If the reappraised financial instrument is impaired, the portion of the appreciation fund related to the impaired financial asset is recognised directly as a profit or loss.

Interest expenses	52.199	42.862
Factoring expense	2.052	9.879
Interest charges	6.953	7.319
Bank expense	3.909	2.994
	65.113	63.054

31. ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

As of 31 December 2023 and 2022, the details of the Group's assets held for sale are as follows:

	31 December 2023	31 December 2022
Classifications at the beginning (*)	99.283	-
	99.283	-

(*) The Group reclassified land and building amounting to USD 63.133 and machinery and equipment amounting to USD 36.150, which were previously recognized under property, plant and equipment in the financial statements for the year ended 31 December 2023, to assets held for sale as a result of the disclosure made on Public Disclosure Platform on 18 December 2023.

32. INCOME TAX ASSETS AND LIABILITIES

The Group is subject to taxation in accordance with the tax procedures and the legislation effective in Turkey. Provision is made in the accompanying financial statements for the estimated charge based on the Group's results for the years and periods.

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses, and by deducting dividends received from resident companies, other exempt income and investment incentives utilized.

In Turkey, advance tax returns are filed and accrued on a quarterly basis. Advance corporate income tax rate applied in 2023 is 25% (2022:23%).

Losses can be carried forward for offset against future taxable income for up to 5 years. However, losses cannot be carried back for offset against profits from previous periods. Furthermore, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns between 1-25 April following the close of the accounting year to which they relate. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.

BORUSAN BİRLEŞİK BORU FABRİKALARI SANAYİ VE TİCARET A.Ş. AND ITS SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023

(Amounts expressed in thousands of US Dollars unless otherwise stated)

32. INCOME TAX ASSETS AND LIABILITIES (Continued)

In addition to corporate taxes, companies should also calculate income withholding taxes and funds surcharge on any dividends distributed, except for companies receiving dividends who are resident companies in Turkey and Turkish branches of foreign companies.

Reconciliation of taxes by applying effective tax rates to profit before tax provision as reflected in the consolidated income statement for the years ended 31 December 2023 and 2022 is as follows:

	1 January - 31 December 2023	1 January - 31 December 2022
Profit before tax	237.576	106.154
At statutory income tax calculated with rate at 25% (2022: 23%)	59.394	24.415
Disallowable expenses	9.074	9.060
Tax exempt income	(13.581)	(3.981)
The effect of the foreign companies that have different tax rates	(11.399)	(4.825)
Tax expense	43.488	24.669

Current income tax for the periods ended 31 December 2023 and 2022 are summarized below:

	31 December 2023	31 December 2022
-Turkey tax charge	287	-
-U.S.A. tax charge	47.531	24.968
-Italy tax charge	-	75
Total statutory income tax charge for the year	47.818	25.043
Prepaid taxes	(63.941)	(11.893)
Income taxes (asset) / liability	(16.123)	13.150

The Group accounts for deferred tax assets and liabilities considering the effects of temporary differences arising as a result of different assessments between IAS and tax legislation that are put into effect by the balance sheet of the balance sheet.

As of 31 December 2023 deferred tax rate used is %25 in Turkey, 21% (Borusan Pipe US) and %26 (Berg Pipe) in USA, 24% in Italy (31 December 2022: %23 in Turkey, %21 in the USA, %24 in Italy).

Berg	-	9.091	-	-
Vobarno	-	1.394	-	1.354
	-	60.784	-	75.773

33. EARNINGS PER SHARE

Earning per share is determined by dividing net income by the weighted average number of shares circulating during the year concerned.

In Turkey, companies can increase their capital via transfers from retained earnings and revaluation funds; and distribute costless shares to shareholders in corresponding to the capital increases. Such shares are taken into account as dividend payments. Dividends that are included by the capital as they are distributed are also taken into consideration as shared granted as dividends. Thus, such shares are considered to be in circulation throughout the entire period; when the earnings per share is calculated.

The Group's earnings per share as of 31 December 2023 and 2022 is as follows:

	31 December 2023	31 December 2022
Average number of shares existing during the period	14.175.000.000	14.175.000.000
Net profit for the period attributable to equity holders of the parent	194.094	81.475
Earnings per share	0,01369	0,00575

	3.116	1.726

The top management consist of the members of the Board of Directors and member of the Executive Board of the Company.

35. FINANCIAL RISK MANAGEMENT

(a) Capital risk management

Group aims to maximize the profitability through the optimization of the debt and equity balance, while maintaining the continuity of its business operations. The capital structure of the Group consists of debt which includes the borrowings disclosed in Note 7 and equity attributable to equity holders of the parent, comprising issued capital, reserves and retained earnings as disclosed in Notes 24.

The Management of the Group analyzes the cost of capital and the risks associated with each class of capital and aims to balance its overall capital structure through the payment of dividends, new share issues as well as the issue of new debt or the redemption of existing debt.

(b) Financial risk management objectives

The Group's finance department is responsible for maintaining a systematical access to international and local markets as well as monitoring and managing the Group's risk exposure using the in-house reports which analyze the level and extent of risks. Such risks consist of market risk, credit risk and liquidity risk.

The Group seeks to minimize the effects of these risks by using derivative financial instruments such as foreign currency forwards during the period. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

35. FINANCIAL RISK MANAGEMENT (Continued)

(b) Financial risk management objectives (Continued)

Disclosures regarding the quality of financial assets

The Group's credit risk primarily arises from its trade receivables. Such credit risk is managed by limiting the risk by the amount of the collaterals received. In managing credit risk, the Group uses four types of instruments which are Direct Debit System, letters of guarantee, mortgages and credit insurance. The Group monitors the customers' credit limits on a consistent basis and creditworthiness of the customers are systematically assessed based on the financial position, past experience and other factors.

Trade receivables are reviewed depending on the Group policies and procedures and they are carried at net amounts in the balance sheet subsequent to any provision for doubtful receivables.

In accordance to the internal evaluation;	31 December 2023	31 December 2022
Group 1	6.732	35.491
Group 2	181.500	204.464
Group 3	8.830	10.546
Total trade receivables	197.062	250.501

- Group 1: Customers which have been performing trade activities with Group no longer than 6 months
 Group 2: Customers which have been performing trade activities with Group over 6 months, without any collection problems during the entire process
 Group 3: Customers which have been performing trade activities with Group over 6 months, with several collection problems

There is no trade receivables restructured, or that may be overdue in the case of being not restructured (31 December 2022: None).

As of 31 December 2023, the part of overdue trade receivables for which no impairment was calculated equals USD 8.830 (31 December 2022: USD 10.546). Below is the aging of such trade receivables:

	<u>31 December 2023</u>	<u>31 December 2022</u>
1-30 days overdue	3.055	5.306
1-3 months overdue	3.448	1.896
3- 12 months overdue	2.327	3.344
Total overdue receivables	8.830	10.546
The part under guarantee with collaterals	2.877	7.090

As of 31 December 2023, the Group holds letters of guarantee equals to USD 192, pledges equal to USD 2.685 (31 December 2022 respectively: letters of guarantee equals to USD 1.114, pledges equal to USD 5.976). Overdue and impaired receivables are not secured.

b.2) Liquidity risk

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profile of financial assets and liabilities.

(c) Market risk

Market risk includes foreign currency risk, interest rate risk and price risk. The Group is exposed to risks deriving from exchange rates and interest rates. In order to manage these risks, the Group uses derivative financial instruments.

Furthermore, market risk can also be assessed via sensitivity analyses. There are no significant changes in the methods that are being used by the Group in assessing the market risk and other risks.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023**

(Amounts expressed in thousands of US Dollars unless otherwise stated)

35. FINANCIAL RISK MANAGEMENT (Continued)

(d) Foreign currency risk management

Transactions in foreign currencies results in foreign currency risk. Foreign currency risk is managed by using derivative financial instruments such as foreign currency forwards.

Foreign currency sensitivity

The Group is mainly exposed to EUR, TRY and GBP foreign currency risk.

The following table details the Group's sensitivity to a 20% change in the EUR, TRY and GBP exchange rates. 20% (31 December 2022: 20% change) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis below have been determined based on the exposure to interest rates at the balance sheet date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. The negative amount indicates the revaluation of EUR, TRY and GBP against USD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023

(Amounts expressed in thousands of US Dollars unless otherwise stated)

35. FINANCIAL RISK MANAGEMENT (Continued)

(e) Interest rate risk

The interest rates on the Group's financial liabilities are detailed in Note 7, Bank Borrowings, Short Term and Long Term.

The Group's exposure to interest rate risk is related to its financial liabilities. These risks are managed by the Group through the interest rate swap agreements and forward interest rate agreements and by maintaining an appropriate distribution between fixed and variable rated debts. Hedging strategies are evaluated regularly to be compatible with interest rate expectations and defined risk. Thus, the creation of optimal hedging strategy, revision of the balance sheet position both and to be kept under the control of interest expenditure at different interest rates have been intended. The interest rate is fixed for significant portion of the Group's borrowings when the borrowing is obtained. If interest rates had been 50 basis points higher/lower and all other variables were held constant, the income and loss effect of variable rate borrowings in the financial statements would be immaterial.

(f) Price risk

The Group is exposed to price risks arising from the cost of raw material inventories and the steel price changes affecting the sales prices except pipeline projects. Projects has not been affected by change in steel prices due to fixed the raw materials prices at the beginning. There are no global derivative instruments to be utilized against the adverse price change effect on the sales margins. The Group optimizes inventory turnover rates by reviewing the sales-production-purchase balance on a consistent basis considering the steel price trend and reflects the changes on steel prices to the selling prices.

- Currency translation difference	-	-	-	-
Closing balance	-	(2.264)	64.790	62.526

37. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair values of financial assets and financial liabilities are determined and grouped as follows:

- Level 1: the fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices;
- Level 2: the fair value of other financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions; and
- Level 3: the fair value of the financial assets and financial liabilities where there is no observable market data.

Based on the fair value hierarchy, the Group's financial assets and liabilities are categorized as follows:

31 December 2023	Level 1 USD	Level 2 USD	Level 3 USD
Permanent fair value measurements:			
Derivative financial instruments at fair value through comprehensive income statement	-	-	-
Financial investment	-	-	82.531
Property, plant and equipment	-	636.452	-
Non-permanent fair value measurements:			
Assets held for sale	-	99.283	-
31 December 2022	Level 1 USD	Level 2 USD	Level 3 USD
Permanent fair value measurements:			
Derivative financial instruments at fair value through comprehensive income statement	-	156	-
Financial investment	-	-	64.861
Property, plant and equipment	-	625.050	-
Non-permanent fair value measurements:			
Assets held for sale	-	-	-

BORUSAN BİRLEŞİK BORU FABRİKALARI SANAYİ VE TİCARET A.Ş. AND ITS SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD 1 JANUARY - 31 DECEMBER 2023

(Amounts expressed in thousands of US Dollars unless otherwise stated)

38. SUBSEQUENT EVENTS

The sale of the land and buildings associated with the large-diameter pipe production facility located in Gemlik Facilities, where we currently operate with 3 factories, to Borçelik Çelik Sanayii Ticaret A.Ş., a company within the Borusan Group, for a total of USD 66.000.000 has been completed on February 22, 2024. A payment, totaling USD 32.500.000 was received on the day the transaction completed, while the remaining portion of USD 33.500.000 is scheduled to be collected by December 15, 2024, which is the projected date for the vacant delivery of the real estate. The relevant amount has been secured through a letter of guarantee.

The machinery, equipment, land, and buildings used in the production of pipes, which have been manufactured in Turkey for many years and are currently located at our Gemlik Facilities, and offered to customers in the industrial, construction, and automotive segments, are not included in the scope of the relevant sales transaction. The company will continue its production activities at Gemlik, Halkalı and Bursa facilities in Turkey.

39. OTHER ISSUES THAT SIGNIFICANTLY AFFECT THE FINANCIAL STATEMENTS OR OTHER ISSUES REQUIRED FOR THE CLEAR UNDERSTANDING OF THE FINANCIAL STATEMENTS
